AN IMPORTANT EVENT

The first *Cumulative Index* for MARRIAGE AND FAMILY LIVING covering the entire period of publication, 1939 through 1962 has been prepared by Dr. Murray Straus and is available NOW. The *Index* includes articles, book reviews, proceedings of NCFR and obituaries. It includes Author Index, Subject Index, Book Index and Book Reviewer Index.

A particularly valuable feature of the *Cumulative Index* is the use of the "Key Word in Context" system of subject indexing. This new development in information retrieval methods enables every article to be listed by every possible combination of meaningful words used in the article title.

Everyone who uses MARRIAGE AND FAMILY LIVING should have the *Index* within reach.
